**INSTRUCTIONS FOR USE**

## INSTRUCTIONS FOR USE, STORAGE AND CARE

Please see our guidelines for use and care of the SMARTBAR™ at [www.lesmills.com/merchandise/equipment/care](http://www.lesmills.com/merchandise/equipment/care)

Do not drop or throw or knock the SMARTBAR™ bar or weight plates. This will help to avoid damage to the item finish or item itself.

Store indoors in a SMARTBAR™ Equipment Storage Rack, or horizontally on a solid, level surface. Do not store the SMARTBAR™ bar on its end vertically. Ensure weight plates are removed from the bar for storage.

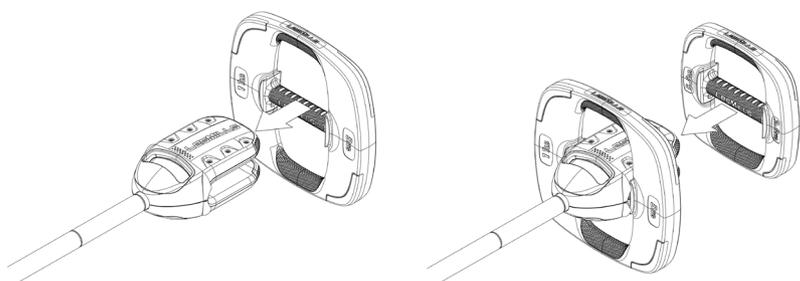

Do not store the SMARTBAR™ equipment in extreme temperatures (<-5 degrees Celsius ; >50 degrees Celsius). Keep product stored away from moisture or direct heat.

Regularly clean SMARTBAR™ equipment by wiping down with a damp soft cloth using mild detergent (if necessary).

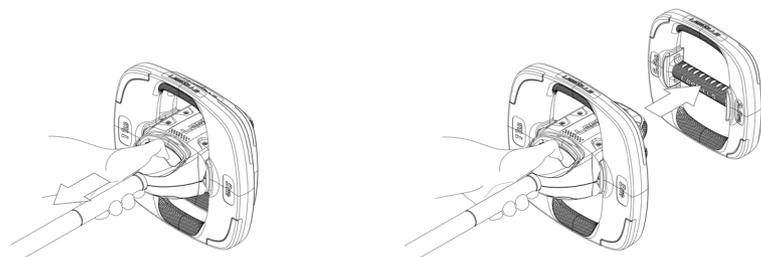

Do not use the SMARTBAR™ equipment outside or on non-standard gym/studio flooring.

Do not leave the SMARTBAR™ bar (with or without weight plates attached) hanging over a SMARTSTEP™, other platform or bench equipment or any other surface where the gator(s) is/are hanging off the ground.

When using or handling your SMARTBAR™ equipment, do not bring it into contact with sharp or abrasive objects/materials.

Slide the SMARTBAR™ weights plates into the gator head, ensuring that the weights plate locks securely into place. Load weights plates one by one up to a maximum of three weights plates (of any weight) on each side. Load weights from largest to smallest so that the heaviest weight sits on the inside of the gator (i.e. closest to where it attaches to the bar).

To release a weight plate, lay the SMARTBAR™ bar on the ground and pull the red handle towards the centre of the bar and then slide the weight off the bar. Remove weights one by one. A video showing this process can be found at: <https://www.lesmills.com/merchandise/equipment/care/>

Do not hold the bar vertically to remove plates.

## SMARTBAR™ EQUIPMENT – WARRANTY INFORMATION

### WARRANTY INFORMATION

At Les Mills Merchandise Limited (Les Mills) we stand behind our materials and manufacturing and offer customers who purchase SMARTBAR™ equipment a warranty for manufacturing faults caused by materials or labour that occur during the three year warranty period. Les Mills and its local SMARTBAR™ distributor will, at their discretion, either repair or replace faulty SMARTBAR™ equipment in accordance with the conditions set out below.

### PERSONAL USE CUSTOMERS ONLY

As a consumer, you are entitled to the applicable legal rights stated in your national legislation concerning the commerce of consumer goods. This warranty does not restrict these rights.

### WARRANTY TERMS

This warranty is valid only in countries where Les Mills has an authorised SMARTBAR™ equipment distributor. It covers manufacturing faults occurring during the warranty period in SMARTBAR™ equipment purchased from Les Mills or a distributor authorised by Les Mills. The warranty applies only to the original purchaser and does not cover second hand equipment or re sold equipment. The equipment must remain in the possession of the original buyer/owner and bear the original manufacturer's serial number for the SMARTBAR™ bar, and/or the batch code for the SMARTBAR™ weight plates. The three year warranty period commences from the date on which the original buyer purchases the equipment. Warranty repairs will not extend the warranty period.

You can find the serial number for your SMARTBAR™ bar inside the gator head. Pull the release on the gator to reveal the serial number. The batch code dial for the SMARTBAR™ weight plates is located on the top of the weight plate near the Les Mills logo.

### EXCLUSIONS

This warranty covers only failures due to manufacturing faults that occur during normal use. This warranty does not extend to faults resulting from normal wear, misuse, abuse, corrosion, damage incurred during loading or transportation, where the SMARTBAR™ equipment has been used other than as recommended by Les Mills (See the instructions below and our guidelines for using the SMARTBAR™ equipment at [www.lesmills.com/merchandise/equipment/care](http://www.lesmills.com/merchandise/equipment/care)) or modified without the consent of Les Mills or improper storage. This warranty is invalid where the SMARTBAR™ equipment does not bear its original manufacturer's serial number on the SMARTBAR™ bar and/or batch code on the SMARTBAR™ weight plates. The warranty is invalid where the SMARTBAR™ equipment that is the subject of the warranty claim has been disposed of prior to a warranty claim being closed by Les Mills.

Neither Les Mills nor its authorised local SMARTBAR™ equipment distributor will be liable for any defects due to reasons beyond their control or for consequential damages or for breach of any implied warranty on the range of SMARTBAR™ equipment.

### CLAIM PROCESS

For enquiries, or to make a warranty claim, either contract your local Les Mills authorised SMARTBAR™ equipment distributor, visit our website [www.lesmills.com/merchandise/equipment/warranty/](http://www.lesmills.com/merchandise/equipment/warranty/) OR email Les Mills at [warranty@lesmills.com](mailto:warranty@lesmills.com). Please keep your invoice as proof of purchase as you will need it to submit a warranty claim.

You will also need to include the following details about the faulty SMARTBAR™ equipment: (i) the serial number, (ii) the date of delivery, (iii) information about the place and conditions of use of the faulty SMARTBAR™ equipment and a precise description of the fault (including photographs). The Les Mills local SMARTBAR™ equipment will liaise with Les Mills to assess the issue and determine if the warranty applies. We will then work with our local SMARTBAR™ distributor to repair or replace the SMARTBAR™ equipment. If we ask you to return the faulty SMARTBAR™ equipment, we will cover the cost of doing so.
